NEW SERIES.

SEDALIA, MISSOURI, TUESDAY EVENING, MAY 14, 1895.

PRICE, FIVE CENTS.

## A CLUB OF MISFITS.

Poor Old Jefferson City's Alleged Players.

## HAD ONLY TWO GOOD MEN.

And They, By the Way, Were Imported for the Occasion—The Result of Yesterday's Game.

There was neither music nor flowers, and the interment was conducted without the benefit of prayer or clergy. The slaughter had been frightful, and the nine stuffs presented a sorrowing spectacle as the earth was spread o'er them. It was simply awful, and even at this distance and late hour the DEMOCRAT desires to extend its sincere sympathy to Eph Ewing, Ed Miller, Ike Bodenheimer and others who are so unfortunate as to reside in the village where the misfits formerly held forth.

Reference is had to the Sedalia-Jefferson City ball game of yesterday, in which the Future Capital mopped up the earth with the Present Capital by a score of 27 to 4—just as Sedalia proposes to mop up the earth with Jefferson City at the polls in 1896.

A SLENDID CROWD.  
Sleepy Hollow no longer has a rabbit farm for a ball ground. The field of today, known as Sportsman's park, is one of the few things creditable to the village. The grounds are securely enclosed, while inside is a grand stand with a seating capacity of 300 or 400, and bleachers capable of seating double that many more. Every seat was occupied, and scores of people were unable to find other than standing room, so it is estimated that not less than 1,500 persons witnessed the game, many of whom were ladies.

A SNAP SCHEME.  
By the way, ladies are admitted free to the grounds, but they are charged 25 cents admission to the grand stand. Men are charged 25 cents for admission to the grounds and 10 cents extra for the grand stand. The home team or owners of the park reserve to themselves the grand stand receipts. No visiting club gets a share, this being in the contract. This is a smooth scheme to get the best of the visiting nine. If admittance was charged to the grounds for ladies, Sedalia would have received more than \$104.80, the amount paid Manager Harrah yesterday, it being 60 per cent of the gate receipts. Ladies were passed into the grounds free, however, but paid 25c before stepping into the grand stand, and this 25c went to the Jefferson City gang of financiers. Great schemers, sure!

ONLY TWO PLAYERS.  
The Jefferson City club of yesterday has no claim whatever to consideration as other than a scrub nine. Outside of its imported battery from Fulton—Coleman pitcher and Berry catcher—it would hustle it to defeat the Hannibal or Independence teams. It is no such a nine as the town boasted of two or three years ago, or even last year. The battery did the only creditable work for the penitentiary town. Atkinson, at second, another imported player, was lamentably weak, he making no less than six errors, as was also Calvin, at short, the fourth outsider called in for the purpose of assisting in smearing it all over Sedalia.

NEEDED BASKETS.  
As for the Jefferson City players proper, those who reside there, they couldn't catch a ball in a clothes basket. In fact, one disgusted resident of the town remarked that the smallpox was about the only thing they could catch.

Coleman pitched a splendid game, everything considered. With such support, many a pitcher would have laid down early in the contest, but not so with the young man from Fulton. He had remarkable speed, and fanned no less than ten Sedalians out; but he was frightfully wild, giving eleven men bases on balls. In one inning three runs were forced in for Sedalia by Coleman's wildness, the bases being full when the fourth ball was called on the pitcher. Berry was all right

behind the bat, but he and Coleman are the only ones in the nine deserving of favorable mention.

BETTING ON THE GAME.  
Sedalia was prepared to gobble up whatever money was in sight, but the dollars were few and far between. Billy Harrah and John McMahon placed small rolls on their favorites, but had to give odds of two to one, and after the third inning offered \$10 to \$3, but there were no takers. It will be remembered that prior to the game Secretary Preismeyer, of the prison town team, wrote that Sedalia could have her choice of 50 per cent of the receipts or 60 to the winner and 40 to the loser, as Jefferson City was "not out for the stuff," and the result of the contest yesterday convinced all that "Jeff" would never take the 60 per cent end of it in a game with Sedalia.

NO GUYING.  
Ernest Clark, who scored for Sedalia, had a narrow escape from being ejected from the grounds. In the third inning he applauded a play made by a Sedalian, which aroused the ire of a 2x4 Sleepy Hollowite with a bay window like a beer keg, and the genial scorer was informed that no such conduct would be tolerated. Then the entire Sedalia contingent went to Ernest's rescue, and the guying that the 2x4 individual received caused him to close up like a clam.

It was Sedalia's day to howl, and her representatives did it to the queen's taste. On several occasions during the game a Jeffersonite would let his temper get a little the better of him, and reference was then made to Sedalia's "bond scheme" to remove the capital, but all such individuals would sneak away when the Sedalia crowd would produce a roll of bills and exclaim, "This is the stuff that gets the capital. Do you want to bet anything on your club?" Even this rejoinder could not get a Jefferson City dollar to show itself after the third inning.

The original intention of Jefferson City was to have Billy Koecher, a home man, umpire the game, but Mason was finally substituted and he umpired splendidly throughout. In the third inning Ed. Miller, one of the managers of the club, made a grand stand kick on one of Mason's decisions, when Manager Harrah exclaimed:

DIDN'T TAKE IT.  
"If you don't like his work, put in your own man. We don't want anything that isn't right. Call your own umpire, and then I'll bet you \$100 to \$50 that Sedalia wins the game."

Of the Sedalia team, all played elegant ball. The boys were out for blood, and 60 per cent on the side, and they got both. In the fourth inning Hoover had one of fingers badly hurt by being hit by the bat, and in consequence he retired in favor of Roach, the latter being relieved in left by Johnson.

In the eighth inning Berry, Jefferson City's catcher, was also hurt and retired, Calvin taking his place. These were the only two accidents of the game, which it required two hours and fifty minutes to play.

The official score is as follows:

field here today, and the consequence is there is mourning in the capital city tonight. The local team was no match whatever for the professional players of the Sedalia team, which included Charlie Hoover, the old league catcher; Freeman, who once pitched for the Browns; Swearingen and Forbes, of the Texas league, and several others. The score was 24 to 4."

WHAT THE "COURIER" SAID.

The Courier of yesterday afternoon had the following: "The Sedalias came in at 3 o'clock on a special car, accompanied by about a hundred of her citizens. They went straight to the ball ground and commenced their practice. They show evidence of professional playing by their sunburned faces. The Jefferson City nine was in good trim and during the game held up wonderfully well.

At 3:45 the game was called with the Sedalias at the bat. "Biddy"

## DIED OF HIS INJURIES.

John Seigler, a Section Man Over on the M., K. & E.

John Seigler, a section man on the M., K. & E., who lived at Mokane, died at the M., K. & T. hospital here this morning of injuries inflicted yesterday.

He went to sleep while sitting by the side of the track near Bluffton, yesterday. As passenger train No. 3 came around the curve, Seigler was aroused, but in springing to his feet he staggered onto the track. He was struck by the engine and terribly injured.

He was brought to the hospital last night, and when examined it was found that his skull was fractured above his left eye, and that his face was badly contused.

The body is at Hillis' undertaking rooms awaiting instructions.

## "SELFISH SPECULATORS."

How the Capital Was Removed from St. Charles to Jefferson City.

To the Editor of the DEMOCRAT:

When the capital of the state was moved from St. Charles to Jefferson City, the people of the former place felt something like those of the latter place now do.

In Beltrami's "Pilgrimage in Europe and America," published in London, 1828, I find a letter written in 1823 from St. Charles, which was then the capital of the state.

He said that it was a handsome little town, and "by its situation it would seem destined to become a place of great importance; and its progress would be still more rapid than it is, but for the conspiracy of a few selfish speculators to remove from it the seat of government, in order to fix it at the mouth of the Osage, about 300 miles farther up; the object of which is to increase the value of considerable grants or acquisitions of land, which they have obtained there at different times by different means."

F. A. SAMPSON.

A Witness Disappears.

Mary Chism, colored, was arraigned in Justice Fisher's court today, charged with the theft of several minor articles from the residence of Mary Arnold, also colored. As the latter failed to materialize, the case was continued until she can be corralled.

Charged With Adultery.

Mary Chism, colored, was up in Justice Fisher's court today, charged with living in adultery with George Hutchinson. The case was continued until George is arrested.

## WANT FREE PASSES.

The House Sends Julian's Bill to Engrossment.

## A FELLOW-SERVANT BILL.

The Senate Considers the Measure This Afternoon—Editor Cochran's Able Argument.

Special to the DEMOCRAT.

JEFFERSON CITY, Mo., May 14.

The house today engrossed Mr. Julian's bill requiring all railroads and transportation companies to give passes to legislators and all state officers.

Mr. Odell presented a resolution naming May 21 as the date for adjournment sine die. It was made a special order for June 1, on the humorous suggestion of Mr. Moran.

Mr. Davidson, of Marion, who has been prodding the labor committee, to report the fellow-servant bill, charged that the records had been doctored to show the defeat of his resolution requiring it to report. After a long argument the record was amended.

The house this forenoon passed the third bill of the session. It was Jones' bill requiring ballots in contested election cases to be kept longer than twelve months after election.

Julian's anti-bribery bill was discussed until noon and left pending.

The senate met this morning and promptly took a recess until 3 o'clock, when it will take up the fellow-servant bill. Senator Cochran's speech last night before the labor committee in opposition to the insurance feature of Peers' bill will be the keynote of the fight for a special railroad bill.

## ARE PAYING UP.

First National Stockholders Who Don't Want Litigation.

Receiver Latimer, of the defunct First National bank, this morning received a check for \$1,875 from an Illinois banker and stockholder in the suspended institution, this amount being his 75 per cent. assessment on the stock held by him, and which Comptroller Eckles ordered to be paid before tomorrow night—May 15th.

Mace Brown, of Sweet Springs, was in Sedalia yesterday and informed Mr. Latimer that he did not propose to resist the payment of the assessment made upon him; and other stockholders there have decided likewise, so that \$11,000 will be paid in from that town and section alone within the next few hours.

Hon. James Hagerman, the well-known Kansas City attorney, arrived here this afternoon to confer with Receiver Latimer and the Sedalia stockholders in regard to the assessment. The latter at first decided to permit the receiver to bring suit against them, but it is thought possibly the intention to indulge in litigation will be abandoned.

## STRIKE LEADER KILLED.

"Jack Smith" and a Companion Shot to Death at Altman, Colo.

DENVER, Colo., May 14.—Martial law prevailed last night at Altman, in the Cripple Creek district, in consequence of the shooting of Jack Smith, former leader of the disaffected miners. Smith shot out all the lights in Victor. He was ordered out of town by Marshal Kelly. Smith opened fire and was backed by George Popst. Kelly reserved his fire and then drew down on both men. At the first shot Popst was killed, and the second brought down Smith.

The real name of the deceased was Johnson. He came from one of the most noted families in the south. His father was editor of the leading democratic paper of Arkansas before the war and was democratic nominee for governor in 1860. Johnson's mother was a Newton, whose father was one of the Whig members elected from that state. He was a brother of Admiral Newton, of the United States navy, and a relative of the Crittendens and Allens of Ken-

tucky. Johnson was educated at the public school of Little Rock and was nominated to West Point, but failed to pass examination on account of his mischievous nature. Since then he has cast his lot in the west, having at various times visited every camp on the continent, and during the Cripple Creek campaign took a prominent part in fortifying Bull Hill and setting at defiance the entire National Guard of Colorado and 10,000 deputy sheriffs, who were held in check through the superior engineering tactics of the deceased. Yesterday a year ago he fled to escape the deputies and only returned through a spirit of bravado. His full name was June J. Johnson.

Smith's friends swear that they will avenge his death. The wildest excitement prevails. Every weapon to be found is being confiscated by the civil authorities.

OFFICE, 307 Ohio Street. Telephone 222.

It is poor old Jefferson City sure  
enough.

The cold snap has cut short the  
fruit crop in many sections of the  
country.

PROF. W. T. CARRINGTON has  
been chosen for principal of the  
Springfield high school.

The ball game yesterday was a  
surprise even to Sedalia. Surely  
the present capital is rattled.

Those dilapidated sidewalks must  
go. Sedalia is no place for them  
and they cost too much in damage  
suits.

No HONEST man wants anything  
else than honest money. But honest  
money is just alike to debtor  
and creditor.

The general assembly can well  
afford to ignore both the lobby and  
the St. Louis boss and do the work  
expected of it.

INDIANA witnessed a snow storm  
of half an hour's duration yester-  
day. But that was nothing to the  
cold wave that struck Jefferson  
City.

The street paving movement is  
becoming more popular every day.  
Sedalia is satisfied with nothing but  
the best in the way of public im-  
provements.

SENATOR TELLER, of Colorado,  
makes the emphatic assertion that  
the republican party must declare  
plainly for free coinage of silver at  
the old ratio or be disrupted.

It really seems that the denizens  
of the present capital have even  
forgotten how to play ball. The  
DEMOCRAT is really surprised at the  
demoralization that has set in.

The capital guarantee will soon  
be in the hands of the governor.  
Having agreed upon all the details  
of the work, the business men of  
Sedalia will now push it in earnest.

SENATOR BRICE thinks that the  
silver "agitation" is subsiding. In  
the time of Noah there were weather  
prophets who thought the deluge  
would not prove much of a shower.

The individual senators and  
representatives who oppose election  
reform and fellow servant legisla-  
tion will be remembered by the  
people. The public thoroughly  
understands the issue.

The property owner who would  
see Sedalia grow and prosper should  
give a hearty support to all home  
enterprises. Buy from resident  
firms who pay taxes and help build  
up the community, rather than from  
traveling fakirs.

WHEN the railway employees  
adopted resolutions requesting Sen-  
ator Yeater to support the fellow-  
servant bill he frankly promised,  
over his own signature, to do so.  
He kept his word and is doing  
everything in his power to pass such  
a bill.

THE Sedalia board of trade, com-  
posed of the most conservative busi-  
ness men, has given an unqualified  
endorsement to the Commonwealth  
Land and Development company  
bonds. Now let every Sedalian go  
to work and do everything in his  
power to aid in the effort to put up  
the capital guarantee at once.

JUST bear in mind that the "hard  
times" era began in 1890, while Ben  
Harrison was president. That the  
business stagnation grew worse and  
worse under the McKinley bill and  
the Sherman silver purchase law  
until the panic of 1893. Since  
these two measures were repealed  
an improvement has been noted all  
over the country. Wages are being  
paid, and business is being done.

increased and greater activity  
characterizes all branches of busi-  
ness.

CONGRESSMAN U. S. HALL in an  
interview in the New York World  
gives it out cold and flat that no  
adverse decision by the supreme  
court will stop the agitation of the  
principle that men should bear the  
burden of taxation in proportion to  
their wealth. This is right and  
just. It is the only just and equita-  
ble way to raise revenue.

### TOOK HIM BACK.

Robert Feazell Returned to Joplin  
This Morning.

Constable W. A. Cox, of Joplin,  
arrived in the city this morning, on  
the 12:20 train, with three warrants  
in his pocket for Robert Feazell,  
whose arrest was referred to yester-  
day.

The warrants charge the prisoner  
with obtaining money by false pre-  
tense and selling property which  
did not belong to him. Feazell in  
the course of his operations sold an  
interest in a mine, which he did not  
own, for \$74, and a half interest in  
another one he did not own for \$35.

Constable Cox said the Leabow  
woman who claimed to be his sister-  
in-law is no relation to him, and  
that the two had been living togeth-  
er in Joplin contrary to the laws of  
the State of Missouri. Feazell is  
also suspected of being in other  
crookedness, but there is no evi-  
dence against him just at present.

Constable Cox left with his  
prisoner for Joplin on the 3:15  
Missouri Pacific train this morning.

Anyone who has ever had an at-  
tack of inflammatory rheumatism  
will rejoice with Mr. J. A. Stumm,  
220 Boyle Heights, Los Angeles,  
over his fortunate escape from a  
siege of that distressing ailment.  
Mr. Stumm is foreman of Merriam's  
confectionary establishment. Some  
months ago, on leaving the heated  
work room to run across the street  
on an errand he was caught in the  
rain. The result was that when  
ready to go home that night he was  
unable to walk, owing to inflamma-  
tory rheumatism. He was taken  
home, and on arrival was placed in  
front of a good fire and thoroughly  
rubbed with Chamberlain's Pain  
Balm. During the evening and  
night he was repeatedly bathed  
with this liniment, and by morning  
was relieved of all rheumatic pains.  
He now takes especial pleasure in  
praising Chamberlain's Pain Balm,  
and always keeps a bottle in the  
house.

Some Meat That Has Not Advanced.

Notwithstanding the fact that all  
classes of fat stock have advanced  
out of sight of all expectation, the  
Newton Meat Co. wish to call the  
attention of the public generally  
that they have not advanced the  
price on their prime Sunday roast  
beef, and they are selling more of  
those fine roasts than ever, for they  
are something that is hard to get  
elsewhere. For this reason we have  
the largest amount of cold storage  
by one-half than any two other  
markets in Sedalia, and we cut our  
prime roasts off several days before  
they are offered for sale and put  
them away in our mammoth refrig-  
erators and when they come out and  
are sent out to our customers  
they never fail to give the very best  
satisfaction. This is something that  
cannot be had elsewhere in Sedalia.  
In fact all of our meats are held  
in our cold storage vaults for sev-  
eral days before they are offered  
for sale. This is why they give  
much better satisfaction than you  
get elsewhere.

We notice one fact which will  
give an idea of what estimation is  
placed upon our meats. Whenever  
any family is expecting company  
and want something extra and  
prime they always call on Newtons  
to furnish the meats. Why is this?  
You all know.

Come in. You will always re-

## THE CITY'S FATHERS.

Mayor Hastain Was Absent at Last Night's Meeting.

PREST BERRY PRESIDED.

Considerable Routine Business Disposed of, But Nothing of Importance.

Mayor Hastain did not return from Jefferson City in time to preside at last night's meeting of the council and President Berry occupied the chair.

A petition for establishing two electric lights, one on Fifteenth and Ingram avenue and one on Montgomery street, was referred to the gas and light committee, but afterwards reconsidered and on motion was tabled.

A petition to extend the water main from Ingram avenue to Engineer street, on Fifteenth street, was referred to the water committee.

A communication from Councilman Anderson and City Attorney Smith, relative to the nuisance near the cemetery, was referred to the sanitary committee.

The report of Acting City Engineer Yeater, that the majority of the tax paying property owners on Sixth street were against paving, was received.

An invitation from George R. Smith Post, G. A. R., to the mayor and city councilman to participate in the ceremonies on Decoration day, was accepted.

Mr. Deckman reported favorably on the opening of Vermont street, from Eleventh to Fourteenth streets, the council ordering an ordinance drawn to condemn property and assess damages.

An ordinance to condemn all wood and cinder sidewalks on Sixth street, between Ohio and Grand avenue, and that they may be removed inside of thirty days and be replaced by brick, stone, concrete or granite walks, at least five feet wide, and to commence one foot from building line, was placed upon its final passage and carried.

A majority of the property owners on East Seventh street having decided on an asphalt pavement created heated discussion on both sides as to the fairness of the contest, and was finally left to the city engineer to make report on the correctness of the vote.

A report from Acting City Engineer Yeater that the majority of the property owners on Fourth street from Thompson to Park avenues are in favor of paving was received, and on motion of Mr. Dugan the property owners were given till next regular meeting to decide what sort of material should be used.

An ordinance providing for a thirty foot driveway from the north side of the alley between Second and Third on Montau street to Twenty-fourth street was passed.

Mr. Dugan moved that the street commissioner be instructed to put in crossings from Broadway to Eighteenth on the east side of Montau street. Carried.

Mr. Deckman moved that the street commissioner be instructed to construct a drain with 24-inch tiling on Fourth, between Brown and Engineer streets. Carried.

Mr. Martin moved that the sidewalk between Third and Fourth, on the east side of Kentucky, be repaired. Referred to street and alley committee.

A motion that the mayor be authorized to sell lot 51, in block 2, city cemetery, to T. B. Anderson, was tabled.

A motion that the city clerk advertise for bids to construct a water main and hydrant in the city cemetery was so ordered.

Another motion by Mr. Hulland to have fifteen signs made and put up in the city cemetery to warn against trespassing was also ordered.

Mr. Dugan moved that the property of Mr. Dowd be assessed at \$75 instead of \$200, and the property of the Evangelical German church be assessed at \$400 instead of \$600. Carried.

A communication from Louis Bahner, who wants to rent a stall in the market house, was referred to the building committee.

An ordinance for the appointment of a city poundmaster was referred to the ordinance committee.

Mr. Hoffman moved that the Lamy sewer be referred to the sewer committee and city engineer, with power to act at once. Carried.

A petition for a sewer in the southern part of the city was referred to the city engineer to draw map of route and report cost of sewer.

The street commissioner was ordered to construct a drain for East Sedalia engine house.

## A New Discovery by the Shakers.

For more than a hundred years the Mount Lebanon Shakers have studied the cultivation of medicinal plants and sought to extract from them their healing essences. Their labor has not been spent in vain. They have made a discovery that will prove a blessing to mankind. It consists of a cordial that causes immediate relief in cases of indigestion. The importance of this discovery will be apparent when we realize that nearly nine-tenths of all our sufferings are caused by dyspepsia or indigestion. Nearly every person you meet has this digestive trouble in some of its varied forms—sick headache, distress after eating, pain and fullness in the chest after eating, palpitation of the heart, etc., are but symptoms of indigestion. To relieve these sufferings has been the study of the Shakers, and they have succeeded. The reason the Shaker Digestive Cordial has such immediate and salutary effect is that it causes the food eaten to be digested, for it is undigested food that causes the distress. The cordial causes the food to be digested before there is time for it to ferment and sour on the stomach. When the food is so digested it gives strength and vigor to the feeble body, makes one feel bright and cheerful, and makes one gain in flesh.

The Digestive Cordial is so prompt in its action that the very first dose will have a perceptibly favorable result. It gives immediate relief.

In order to prove this statement, small trial bottles placed in the druggists' hands can be obtained for ten cents each. This trial bottle will have a decided beneficial effect and will satisfy any one that the Cordial is adapted to his case. After a trial give praise to the Shakers of Mount Lebanon, N. Y.

dered to construct a drain for East Sedalia engine house.

The finance and police committee were given more time in the matter of allowing Merchant Policeman John Smasal \$30 per month for services.

A number of bills were read and those properly endorsed were ordered paid, and the council adjourned.

While in Stockton, Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely with cramps and diarrhoea. He happened to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we went to the Holden drug store and procured a bottle of it. It gave Mr. Carter prompt relief, and I can vouch for its having cured me."

## DON'T STOP TOBACCO

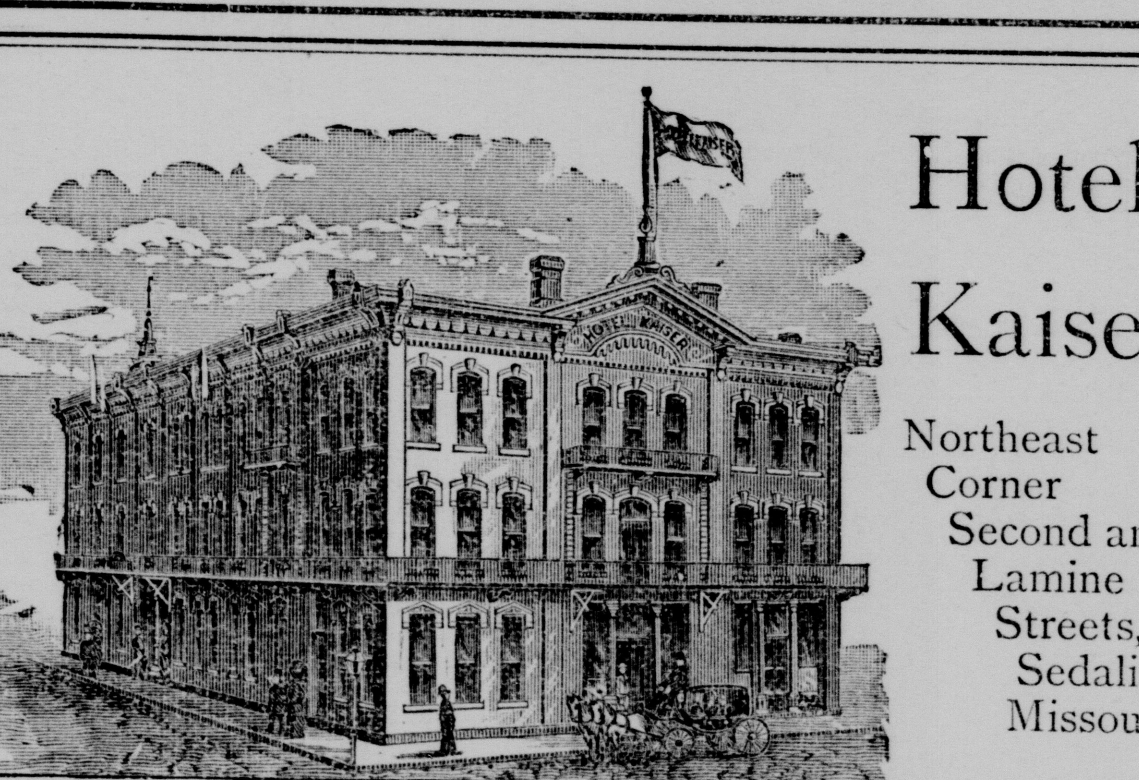

ITS INTENTIONS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1.00 per box or 3 boxes (30 days treatment and guaranteed cure.) \$2.50. For sale by all druggists or will be sent by mail upon receipt of price. SEND SIX TWO CENT STAMPS FOR SAMPLE BOX. Office of PIONEER PRESS COMPANY, C. W. HORSTICK, Supt. St. Paul, Minn., Sept. 7, 1894.

Eureka Chemical and Mfg Co., La Crosse, Wis.  
Dear Sirs—I have been a tobacco fiend for many years, and during the past two years system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keely Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.  
Yours very truly,  
C. W. HORSTICK.

## THAT FATAL WRECK.

## Two of the Men Who Caused Fireman Fleck's Death Sentenced.

TERRE HAUTE, Ind., May 14.—William Sourwine, one of the five men indicted for murder for causing the death of Engineer Meohrman and Fireman Fleck, by wrecking the Big Four train at Fontaine during the strike last July, was sentenced to ten years in the penitentiary yesterday on a plea of guilty. George Roberts, another of the wreckers, who gave the state valuable assistance in ferreting the conspirators, and who was given a verdict by a jury of life imprisonment on a plea of guilty, but on whom sentence was not passed, was sentenced by the judge to eight years. The other three men will be tried in June.

## Saved by a Fish Hook.

HINTON, W. Va., May 14.—About 4 o'clock Sunday morning Miss Lelia Clayton, the pretty 18-year-old daughter of Andrew Clayton, of Honacker Station, rose and, after writing two notes to a young man supposed to be her sweetheart and with whom she quarreled went to the river and plunged in. It happened that several fish hooks had been set close to the shore, and on one of these her clothing caught. A railroad watchman heard the splash and ran to her assistance, and succeeded in getting her out. She was unconscious for two hours, and is in a serious condition from the nervous shock.

## Smeltermen's Strike Ended.

PITTSBURG, Kas., May 14.—The smelter strike is settled in Pittsburg, as Robert Lanyon put his men to work yesterday at the increase asked for. Other furnaces in the district will follow, with the exception of the Cherokee, which is dead, the fires having been pulled and the works shut down permanently. The results of the strike are that the price of spelter has advanced, the men have received increased wages and the workmen of the Cherokee company in this city, who started the strike, are out of a job.

## Indianapolis Bank Wreckers.

INDIANAPOLIS, Ind., May 14.—The trials of Francis A. Coffin, Percival B. Coffin and Schuyler C. Haughey, charged with complicity in wrecking the Indianapolis National bank, have been postponed by order of Judge Baker, of the Federal Court, until Sept. 10. The reason for the court's action is that the appropriation to pay Federal witnesses has been exhausted, and no more money will be available for the purpose until July.
